

Hope for the Children Foundation announces Wayne Goldman Memorial Scholarship and Grants

Wayne was an exceptional human being who humbly, faithfully, and tirelessly served God and neighbor at St. Anne Parish and the Brentwood community.

In his honor and memory we establish these awards and grants to acknowledge youth who exhibit in action the heart for service that Wayne had.

Scholarships awarded to HS graduating seniors to be used for college education. They go to young people who have volunteered and not paid for service. These awards are not for doing any required community service for which they received credit, only for above and beyond.

Scholarship recommendations are submitted by adults from within St Anne Parish, Brentwood HS, or community.

First round to be awarded June 2024.

Grants are awarded to assist teens of any age, who are conducting a specific project to improve the lives of others. Projects grants are applied for by the young people who are proposing, and will be conducting the project. These grants are ongoing.
